

Now you say you don't want me  
You don't want me hangin round  
Runnin round, tellin people  
You gonna put me down  
Well I tell ya, I ain't no fool  
Go about your Golden Rule

Well you stay out all night  
Won't come in 'til the light  
When I ask you where you been  
You want to fuss and fight  
Well I tell ya... I ain't no fool  
Go about your Golden Rule

[Solo]

Go 'head and have your way  
Do what you want to do  
I know some day  
Back luck gonna happen to you  
Cause I tell ya....I ain't no fool  
Go about your Golden Rule

[Solo]

Go right out the door!  
Do what you want to do  
I know some day  
Back luck gonna happen to you  
Cause I tell ya....I ain't no fool -----  
Go about your Golden Rule -----

**3X** then end

Cause I tell ya....I ain't no fool  
Go about your Golden Rule

Well....I ain't no fool  
Go about your Golden Rule
